

The Cotemar Pink Race was held in Ciudad del Carmen.

October 24th, 2023.

Mexico City, Mexico.- In an emotional atmosphere and with the aim of raising awareness among the population about the fight against breast cancer, through physical activity, last Sunday the “Cotemar Pink Race” took place on the coast pier of Ciudad del Carmen, in which collaborators and their families participated.

In its first edition, the race consisted of different modalities: 10 kilometers with relays - teams of four members, two women and two men , as well as a children's race in five categories, with a total participation of 73 teams and 100 boys and girls, with prizes for the first three places in each category.

Likewise, this race is being held throughout the month at Cotemar's offshore facilities, with the participation of 106 relay teams, 386 collaborators, distributed in 6 boats.

With the “2023 Cotemar Pink Race”, the company organizes and promotes activities to commemorate the International Day to Fight Breast Cancer, which consisted of carrying out a total of 210 mammograms for company employees and their families, as well as for the community of Ciudad del Carmen, and a talk to raise awareness about breast cancer for company employees, among other internal actions.

With activities like this, at Cotemar we promote the comprehensive development of our people and their families, through events that promote family integration and health care in the communities where we operate.
